

## PRESS RELEASE FOR IMMEDIATE ATTENTION

wanderland music publishing / atlanta / usa

*Hide In View*, by the Atlanta, Georgia indie, alternative band, Black Swan Lane, will officially be released by Eden Records Group and Wanderland Music Publishing / BMI on November 2, 2021. The ninth Black Swan Lane full length album contains 12 tracks and is the follow up to the band's 2019 highly acclaimed album, *Vita Eterna*. Black Swan Lane has become known as the most Manchester, U.K. sounding band in the U.S. and having previously featured two original members of the Chameleons U.K. on four albums, only emphasizes the British post-punk and dark alternative sound. *Hide In View* was recorded over the course of more than a year, mixed for five months at Wanderland Studios USA, and mastered by Donn Aaron at Mixon Studios in Atlanta, GA. Lead singer, guitarist and instrumentalist, Jack Richard Sobel, took over full songwriting, recording and mixing duties for the first time in the band's 15 year existence mostly due to the Covid epidemic and other logistical issues related to the last two years of isolation. There are some spots of light on *Hide In View*, but it is a very dark album that many of our friends can resonate with. Although harder hitting at times than previous releases, Black Swan Lane's signature blend of ethereal guitars (reminiscent of the Chameleons, Lush and Kitchens of Distinction) shine through. Imagine a blend of Joy Division, the Chameleons, Catherine Wheel, Ride, Red Lorry / Yellow Lorry, Lush and Interpol and you'll find *Hide In View* and re-discover the revered post-punk era again. Photographer, Lidia Vives, from Lleida, Spain, created the cover artwork which goes perfectly with the theme of the album. Lidia, using Cupid's arrows, decontextualized them as the love disappointments that we accumulate behind our backs. A perfect compliment to the music.
